# Welcome

## HAVE YOU GOT A PASSION FOR **CREATIVITY**, BUT HAVE NOT HAD THE CHANCE TO PURSUE IT YET?

**JANE NICKISSON**  
HEAD OF COLLEGE

Well now's your chance to create music, make games or get behind the camera at FutureSkills at MediaCityUK.

We're proud to provide excellent learning opportunities to all of our students that are delivered by some of the best teachers in the country. All of our teaching staff are experts in their field and have a wealth of knowledge and experience from working within the industry. Not to mention, they all have incredible contacts who frequently visit the College to give talks and work experience opportunities.

Whilst studying within the heart of MediaCityUK, you'll also have access to our extensive kit of equipment and studios. Make the next big hit in our recording studios, or perhaps you will produce your very own show in our industry-standard radio studio.

We want you to succeed and create a future that is full of exciting opportunities. That's why our outstanding pass rates are so important to us. Many of our students go on to secure University places and jobs within the industry. You never know, you could be joining some of our wonderful ex-students over the road at the BBC.

We look forward to seeing you soon and welcoming you to FutureSkills at MediaCityUK in September.

The future is yours to create. We use this phrase a lot.

It's at the heart of everything we do. We're here to help you develop and take the next steps in securing the future that you want. Whether you decide to progress onto University to master your craft, or go straight into the world of work, we have the right pathway for you.

We're proud to be an international hub for technology, innovation and creativity. With top-tier facilities, expert tutors and a community of creative individuals, FutureSkills at MediaCityUK is the perfect place to create your future.

---

# The future is yours to create

# Alumni

---

## ELLA SHAW

Known best for her success on 2015's *ITV Britain's Got Talent*, Ella is an accomplished musician whose talents were nurtured at FutureSkills at MediaCityUK whilst studying Music.

---

## MICA ROBINSON

Mica completed four weeks' work experience at BBC's *Rip Off Britain* whilst studying at FutureSkills, and kept working freelance for the same department after completing her studies with us. After graduating from the University of Salford studying Multimedia Journalism, Mica secured a full-time position at the BBC.

## MATTHEW FISHER

After studying Computer Science, Matthew went onto study this subject further at the University of Salford. Due to his outstanding achievements, Matthew secured the Vice-Chancellor's Excellence Scholarship and was able to spend one summer working in the USA as a Camp Counsellor teaching robotics. Matthew is particularly interested in cyber security and hopes to go into counter-terrorism and espionage.

## JONATHAN STANLEY

Jonathan studied Creative Media and went on to work as a Cameraman for BBC 2's Peaky Blinders, featuring actors such as Tom Hardy and Cillian Murphy. After receiving a distinction at college, his achievements at FutureSkills helped Jonathan secure employment within the media industry.

## STEVE MARSH

Former student Steve Marsh was featured in the esteemed Forbes 30 Under 30 Europe list for 2016. Steve is listed among the top young leaders, creative inventors and entrepreneurs in the science and healthcare sector. Steve studied for a degree in computer science at the University of Manchester, before going on to study a PhD at the University of Cambridge.

# Made it

---

**“FUTURESKILLS HAS A CREATIVE AND INNOVATIVE LEARNING ENVIRONMENT. DURING MY TIME AT COLLEGE I MET SOME FRIENDS FOR LIFE AND WAS PROVIDED WITH OUTSTANDING ACCESS TO THE MEDIA INDUSTRY.”**

Harry Davis (pictured right), former Creative Media student at FutureSkills, is now a Unity Radio DJ, Presenter and Producer, performing at shows and for brands such as Manchester International Festival, Bass Jam, Shutdown Events, The Trafford Centre and Selfridges to name a few. He runs 'Check1' Manchester's hottest rap freestyle series on Unity Radio.

# Need some support?

## **WE'RE HERE TO *HELP*.**

At FutureSkills at MediaCityUK, we understand that the transition from school to college can be daunting. But not to worry, we have a range of support to help you achieve, thrive and be successful.

When you join us you'll have access to a one-to-one personal tutor who will be able to guide you on each step of your journey here at College. For students who need that extra bit of support, we also have a friendly pastoral team who work with students on an individual basis.

Our goal is to remove barriers to learning and ensure that you feel empowered to reach your full potential and are facilitated in gaining your own independence.

That's why we provide additional learning support for students who identify as having an additional learning requirement. All discussions about support is student led, as we consider your voice in decision making to be key.

**JENNIFER STEAD**

**HEAD OF PASTORAL SUPPORT**

*"We are extremely proud of the diversity, talent and work ethic of the students here at Future Skills. Every student here is valued and, with our tailored care and support, is well equipped at the end of their studies to thrive in their chosen career."*

# WE'VE GOT YOU COVERED.

Bursary funds are available to those students who need that extra support. These funds are means-tested and intended to assist students with some of the costs associated with studying, such as travel and meals.

We also offer some students free College meals and the opportunity for them to have their kit for studying paid for by the College.\*

Our bursary is one of the most generous bursary funds available to College students.

\*Subject to eligibility criteria

# Industry links

The BBC, based at MediaCityUK, employ around 3,200 staff who work in twenty-six departments, producing thousands of hours of content for television, radio and online.

Dock10 is a television facility hosting award winning dramas, prime-time shows, and VFX based commercials.

Hits Radio is part of Bauer Media Group, a multimedia conglomerate that manages a portfolio of over 400 digital products and 50 radio and TV stations around the world.

Illamasqua, launched in 2008, is a distinctive British beauty brand that celebrates diversity and individuality.

The Landing at MediaCityUK is workspace, community, business support, user experience testing labs, maker lab and events. The Landing is the technology enterprise incubator for high growth companies at the heart of MediaCityUK.

Vodafone opened its Digital Innovation Hub in June 2019 at The Landing at MediaCityUK. It is intended to give the UK's growing start-up community a head start in developing new 5G applications and services.

Wilmott Dixon is a national contractor that delivers multi-million pound public and commercial projects. They are behind the Met Office supercomputer, fit-out of the Design Museum and restoring of Alexandra Palace.

# Digital Marketing & Journalism

## **THERE'S A STORY EVERYWHERE YOU LOOK, YOU'VE JUST GOT TO KNOW HOW TO FIND IT.**

Our Digital Marketing & Journalism course will teach you just that. This course is the first step to a rewarding career in the industry. Get prepared for work in the ever-changing digital age as we develop your multimedia journalism skills, enabling you to achieve.

Whilst studying you will work within a variety of areas such as script-writing, video and radio broadcasting, documentary-making, news production, social media, magazine design, photojournalism and writing for news. There really is something for everyone on this course.

We also work with a variety of publications including the BBC, The Sun, The News Academy and Hits Radio, to provide extensive opportunities for our students.

**BBC**

*It is great working with the students at FutureSkills at MediaCityUK. The college has so many opportunities for new, enthusiastic journalists and being able to engage with them on a regular basis is really rewarding. The industry can only benefit from encouraging the very best of the Greater Manchester community to apply for future roles within the BBC."*

*- Sarah Collins, BBC*

## **ENTRY REQUIREMENTS**

### **LEVEL 3 DIGITAL JOURNALISM (2 YEARS)**

Five grade 4s or above at GCSE including English or maths

## **WHAT NEXT?**

Typical courses studied at University after completing this course include Multimedia Journalism, Radio Production, Media Law or an apprenticeship in an associated sector.

Typical careers include Journalist, Documentary Producer, News Presenter and much more.

# Media Make-up

## TAKE YOUR CREATIVITY TO THE NEXT LEVEL.

Choose media make-up at FutureSkills. Based at the epicentre of the modern media hub, MediaCityUK, our outstanding facilities will help support you throughout your creative journey.

Our aim is to ensure you gain the knowledge and experience you need to grab any opportunity and go wherever your career may take you. You will build skills in make-up artistry as well as core professional skills such as self-promotion, business and fashion forecasting within the cosmetics industry, evening and fashion photographic makeup, bridal hair and make-up, hair skills including weft and wig making, body art and festival glitter. Once you have mastered all of these skills you will move on to TV makeup and visual special effects including prosthetics.

Many of our students go on to work within the industry up and down the country in various sectors. Perhaps you'll be working on the set of the next big movie production.

## ENTRY REQUIREMENTS

**LEVEL 1 MEDIA MAKE-UP (1 YEAR)**  
GCSE grades 1/2s

**LEVEL 2 MEDIA MAKE-UP (1 YEAR)**  
Four grade 3s at GCSE or completion of the level 1 Media Make-up qualification

**LEVEL 3 MEDIA MAKE-UP & SPECIAL EFFECTS (1 YEAR)**  
Completion of the level 2 Media Make-Up qualification

## WHAT NEXT?

Typical pathways after completion of the Level 3 course include a foundation degree which can be studied at our University Centre or a HNC, followed by a degree in Hair & Make-up for Film Production, Make-up Artistry, Make-up & Hair Design or an apprenticeship in an associated sector.

Typical careers include Celebrity Make-up Artist, Theatrical Make-up Artist, Special FX Make-up Artist and much more.

# Digital Media & Content Creation

## **PUT ALL YOUR IDEAS INTO ACTION.**

Do you want to produce a radio advert? Or perhaps a TV show? If you are a creative individual and have a passion for film-making, producing and generating projects from live briefs then our creative media course is the pathway for you.

Our courses provide an excellent foundation in media production and you'll be taught key elements of digital media and content creation that will help you to succeed in future study or employment. The media industry is a fast-paced and ever-growing industry. Whilst studying with us you'll develop the very best skills through the use of our fantastic kit. We have everything from a broadcasting suite and TV Studio, to fully-kitted out iMac Suites.

If radio is more your thing, you'll have the chance to use our industry-standard radio studio. You never know, you could be the next host on our college radio station.

Did you know we're located only a stone's throw away from the BBC and ITV?

## **ENTRY REQUIREMENTS**

**PASSPORT TO COLLEGE: CREATIVE & DIGITAL (1 YEAR)**

No formal entry requirements

**LEVEL 1 MEDIA & GAMES (1 YEAR)**  
GCSE grades 1/2s

**LEVEL 2 CREATIVE MEDIA PRODUCTION (1 YEAR)**  
Four GCSEs at grade 3

**LEVEL 3 CREATIVE MEDIA PRODUCTION (2 YEARS)**  
Five grade 4s or above at GCSE including English or maths

## **WHAT NEXT?**

Typical pathways after completion of the Level 3 course include a degree in Digital & Social Media Marketing, Production Co-ordination, Communication & Digital Media or an apprenticeship in an associated sector.

Typical careers include TV Producer, Camera Operator, Documentary Producer, Advertising Executive and much more.

*"We have built a healthy relationship with FutureSkills at MediaCityUK and their students over the years. We have enjoyed giving their students the opportunity to experience first-hand what it is like to work in the media industry. Facilities offered by the College, such as the state-of-the-art television studio and gallery enable young people to work in a near-professional environment. This, along with the hard-working and dedicated teaching staff make the college an unrivalled draw to any student looking to gain employment in the creative media sector."*

*- Simon Marsland, Toasted Productions*

# Music

## TAKE CENTRE STAGE AND START YOUR FUTURE TODAY.

Get the gig with our creative music courses. Designed to develop your skills and experience to take your creativity to the next level.

The gig might be the job, the session or the tour; whatever it is, our goal is to ensure that you gain the knowledge you need to grab any opportunity and go wherever your career may take you. If you're looking to become a cutting-edge producer, composer or performer then you're going to love the kit that we have. At FutureSkills we have everything from fully kitted out recording studios to a bespoke performance space. We truly have everything you need to make the next big hit.

Did you know The Smiths formed just down the road from FutureSkills in the heart of Salford?

### AUDIOALWAYS

*"There are many times we've turned to FutureSkills at MediaCityUK students for help with our content projects. From help researching ideas to recording audio, you can always rely on them to do a great job. The learning resources available mean we can trust the students know how to work all the latest media and broadcast technology."*

- Audio Always

## ENTRY REQUIREMENTS

**LEVEL 1 CREATIVE MUSIC INDUSTRY**  
GCSE grades 1/2s

**LEVEL 2 CREATIVE MUSIC (1 YEAR)**  
Four grade 3s at GCSE

**LEVEL 3 CREATIVE MUSIC (2 YEARS)**  
Five grade 4s or above at GCSE including English or maths

## WHAT NEXT?

Typical pathways after completion of the Level 3 course include a degree in Creative Music Production, Music Technology or an apprenticeship in an associated sector.

Typical careers include Music Producer, Freelance Musician or Artist Manager.

# Creative Business Production

## TAKE THE NEXT STEP TODAY AND RUN THE EVENT OF YOUR DREAMS TOMORROW.

Has the life of a tour manager always interested you? Or perhaps running a music festival, fashion show or live event sounds more appealing. Well our creative business production course will give you the essential skills to be able to kick start your career in the event production business.

There's much more to live events than just a well-lit stage, and this course showcases the endless possibilities and careers that are associated with it. You'll learn everything from events management to digital sequencing and even marketing, creating products, branding, digital content and social media.

Salford and Manchester are at the heart of the event scene with major events popping up around the city. Perhaps yours will be next.

*"It has been my privilege to develop a close professional link with FutureSkills at MediaCityUK. It's heart-warming to see these amazing young people, so eager to learn life-enhancing skills and embrace career opportunities that were simply not available when I was growing up in our City."*

- Paul Lockitt, Bauer Media Group

# Computer & Cyber Security

## **SHARPEN YOUR SKILLS WHILST BUILDING AND REPAIRING COMPUTERS AND NETWORKS.**

Our computing and cyber security courses have proven to be an interesting and effective route into the world of IT and computing technology. If you're looking to gain knowledge, skills and experience in cutting-edge technologies, then this is the course for you.

Here at FutureSkills we emphasise that the development and assessment of practical skills will lead to a successful technology-related career.

This is the ideal course for budding network technicians and PC maintenance professionals.

### **ENTRY REQUIREMENTS**

#### **LEVEL 2 COMPUTING & CYBER SECURITY (1 YEAR)**

Four grade 3s at GCSE

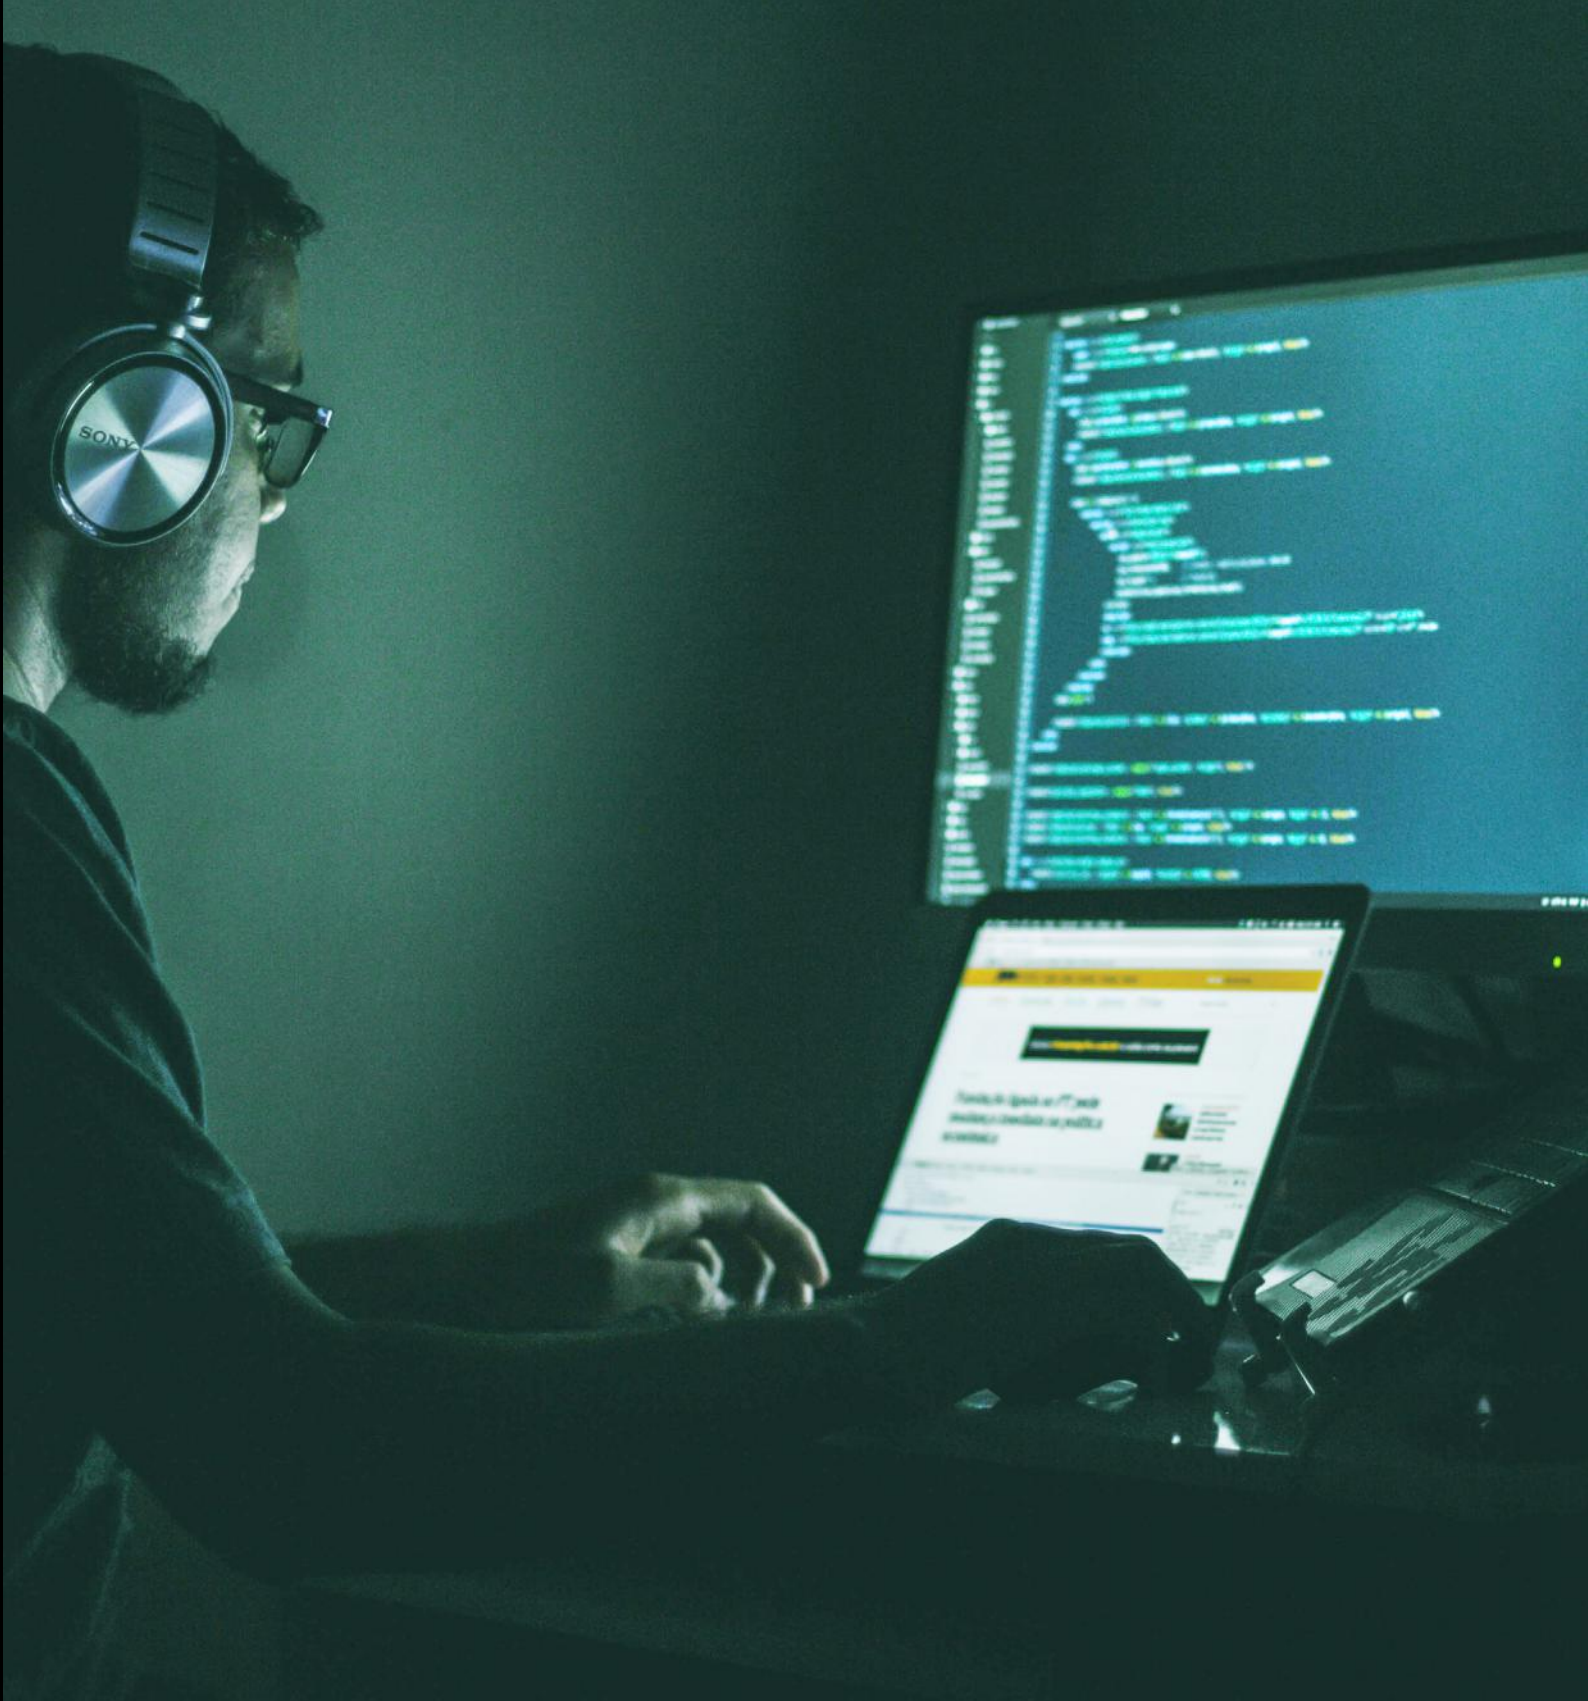

#### **LEVEL 3 COMPUTING & CYBER SECURITY (2 YEARS)**

Five grade 4s or above at GCSE including English or maths

### **WHAT NEXT?**

Typical pathways after completing this course include an apprenticeship in IT or a degree in Cyber Security, Threat Intelligence & Forensics or an apprenticeship in an associated sector.

Typical careers include Cyberspace Comms Specialist, Network Manager, Network Technician and much more.

# Computer Science

## **SUCCEED IN THE CONSTANTLY EVOLVING INDUSTRY.**

Does the idea of pursuing a career in the field of emerging technologies and computer science appeal to you? If so, our course in computer science will lay the perfect foundations for you to do so.

Ideal for budding network technicians and PC maintenance professionals, you will be able to sharpen your skills whilst building and repairing computers and networks. To support your progress our course has IT employability units incorporated.

This course will inspire you within the field of emerging technologies and computer science. A wide range of skills will be developed through the course, preparing you for suitable employment in the computer science industry.

## **ENTRY REQUIREMENTS**

### **LEVEL 3 COMPUTER SCIENCE**

Five grade 4s or above at GCSE including English and maths

## **WHAT NEXT?**

Typical pathways after completion of this course include a degree in Computer Science, Computing or an apprenticeship in an associated sector.

Typical careers include Computer Hardware Engineer, Hardware Technician, Database Developer and much more.

# Games Design

## **PROGRESS INTO THE REAL AND VIRTUAL WORLD OF GAMES.**

Do you want to be a part of one of the most engaging and current industries? Games design has become one of the largest sectors in the media and computing industry and our games design and development courses have seen huge growth in recent years.

Our courses will provide you with a clear pathway into the industry. We emphasise skill development in the design, development, production and marketing of games - all skills needed for employment within the sector.

Topics are designed to engage students and include 3D environments, animation and digital graphics, to name just a few. We aim to ensure that all of our future designers and game specialists are fully prepared to step into their career, which is why only the best industry-standard software is used. Unity, 3D Studio Max, Adobe CC Suite and Maya are all available in our highly-specified games development suites.

All of this and more makes our courses the ideal pathway for any aspiring games designers.

## **ENTRY REQUIREMENTS**

**LEVEL 1 CREATIVE MEDIA & GAMES DESIGN  
(1 YEAR)**

Grade 1/2s at GCSE

**LEVEL 2 GAMES DESIGN (1 YEAR)**

Four grade 3s at GCSE

**LEVEL 3 GAME DESIGN & DEVELOPMENT (2 YEARS)**

Five grade 4s or above at GCSE including English or maths

## **WHAT NEXT?**

Typical courses studied at University after Computer Game Design, Game & Art Design, Games Programming or an apprenticeship in an associated sector.

Typical careers include Games Developer, Games Programme, Game Engine Developer and much more.

# IT Software Development

## DEVELOP AND ENHANCE YOUR SKILLS IN THE CREATIVE AND POWERFUL WORLD OF IT.

Here at FutureSkills we have the perfect IT courses for you.

Our wide-ranging IT Software Development courses will enable you to develop skills to get into the world of gaming, web development and programming. We embrace the development and enhancement of all types of software, ensuring that you leave us with the best skills possible.

We have the very best kit here at FutureSkills which will allow you create websites, digital graphics and even develop your animation techniques.

### ENTRY REQUIREMENTS

**LEVEL 1 ICT (1 YEAR)**  
Grade 1/2s at GCSE

**LEVEL 2 IT SOFTWARE DEVELOPMENT (1 YEAR)**  
Four grade 3s at GCSE

**LEVEL 3 IT SOFTWARE DEVELOPMENT (2 YEARS)**  
Five grade 4s or above at GCSE including English or maths

**LEVEL 3 DIGITAL PRODUCTION T-LEVEL (2 YEARS)**  
Grade 4 or above in GCSE English and maths

### WHAT NEXT?

Typical pathways after completing this course include a degree in Information Technology Management, Business Analytics & Consultancy or an apprenticeship in an associated sector.

Typical careers include Software Developer, Network Technician, Software Engineer and much more.

# Professional Construction

## **GAIN TECHNICAL SKILLS, STRATEGIC KNOW-HOW AND CONFIDENCE IN CONSTRUCTION.**

If your ambition is to become an Architect, Building Surveyor, Civil Engineer, Quantity Surveyor, Site Manager or Structural Engineer, FutureSkills at MediaCityUK is the place for you. We can set you on the right career path by giving you the skills you'll need to progress either into the industry, an apprenticeship or onto higher education opportunities.

Your learning will be relevant, up-to-date and underpinned with real work experience. You'll benefit from our close ties with employers across the sector, expert teaching by industry experienced professionals and exceptional learning facilities. With units placing emphasis on sustainable construction and site surveying, you'll have the relevant skills to go straight into the workplace or further study.

## **ENTRY REQUIREMENTS**

### **LEVEL 3 CONSTRUCTION & THE BUILT ENVIRONMENT (2 YEARS)**

Five grade 4s or above at GCSE including English and maths

## **WHAT NEXT?**

Typical pathways after completion of this course include an apprenticeship in Professional Construction or a degree in Building and Construction Management.

Typical careers include Technical Project Manager, Building Surveyor, Site Engineering Technician and much more.

# T -Levels

## Take your future to the next Level

### **HEARD ABOUT T-LEVELS?**

They're the brand new qualification designed to launch you into the career that you want. The two year qualification combines classroom and work placements together on a course designed with both employers and businesses.

Equivalent to three A-levels, T-levels mean that you'll spend 80% in the classroom and 20% on a placement to give you a head start in finding your dream career.

Our digital production, design and development T-level will welcome you to the future of technology and bring you closer to your future career. This course will allow you to delve deeper into the digital world and discover more about emerging issues and the impact of a digital society, as well as learning skills about software development and engineering application.

### **ENTRY REQUIREMENTS**

**LEVEL 3 DIGITAL PRODUCTION T-LEVEL (2 YEARS)**  
Five grade 4s or above in GCSE English and maths

### **WHAT NEXT?**

Typical pathways after completing this course include a degree in Information Technology Management, Business Analytics & Consultancy or an apprenticeship in an associated sector.

Typical careers include Software Developer, Network Technician, Software Engineer and much more.

# What next?

---

Now's the fun part! It's time to find the course for you and apply.

## **STEP 1: FINDING YOUR COURSE**

Find the course that's right for you. Come down to one of our open events that will be taking place over the course of the year and experience first-hand our incredible College.

## **STEP 2: FILL OUT YOUR APPLICATION FORM**

Scan the QR code and fill in our application form online. It's a quick and easy process, but if you need any help our friendly School Liaison Team will be able to help you on 0161 631 5000.

## **STEP 3: INTERVIEWS, AUDITIONS AND OFFER**

You will be invited to an interview where we will chat to you about your course choice, grades, interests and your future goals. It's nothing to worry about and is ultimately a chance for us to get to know you better. Once you've had your interview that's when we may offer you a place to study with us.

Some courses require an audition before starting the course. Don't worry, this is just for our teachers to see what you can do before starting with us. You will be contacted by the College after applying with details of an audition date.

## **STEP 4: ENROLMENT**

Once you have received your GCSE results, you will be invited to enrol with us. This is your final step before actually starting College and will be an opportunity for you to ask any final questions.

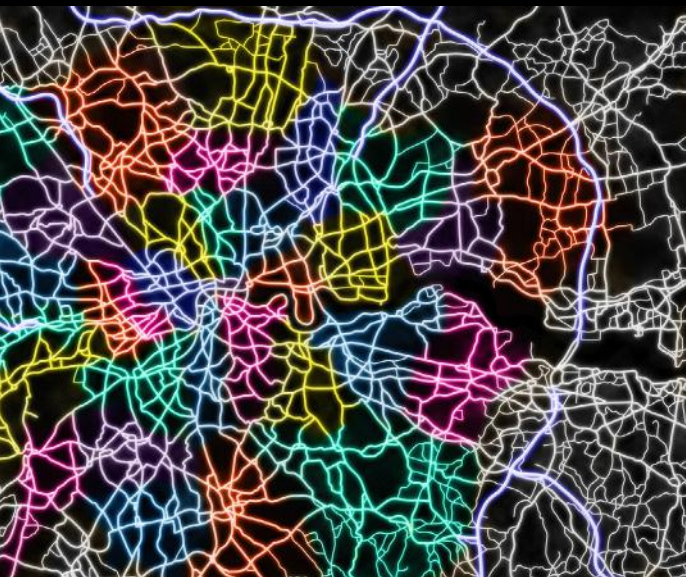

## **STEP 5: YOU'RE IN!**

And that's it! You're in! After you've enrolled you will receive your timetable and it'll be time to enjoy your time at FutureSkills at MediaCityUK.

**SCAN TO APPLY!**

# Get on board!

## OUR **DEDICATED** COLLEGE BUS SERVICE WILL SET YOU ON YOUR JOURNEY.

Travelling to FutureSkills couldn't be any easier. We have a dedicated College bus service that will pick you up near your house and drop you off right outside the front entrance to College.

If you're driving to College, there is a free car park.

Or if you're planning on using another form or public transport you can plan a direct route via [www.tfgm.com](http://www.tfgm.com).
